SCB5023

One hour smart charger

Charge your AA and AA batteries in up to forty-five minutes. This recharger charges one to four AA or AAA batteries simultaneously. The built-in timer stops the process when the battery is full, thereby preventing damage.

Top Performance

- The battery for audio players and cameras
- Protects your batteries against overcharging

Ease of Use

- 12V car plug for charging in your car
- Charge AA and AAA batteries in one charger
- Charges two or four batteries at the same time
- The AC/DC adapter is ready for worldwide use
- Keep your batteries always ready for use

PHILIPS

Technical specifications

Accessories
- Included batteries: 4x Multilife AA

Power
- Battery capacity: 2300 mAh
- Battery voltage: 1.2 V
- Power supply: 100-240VAC, 50/60Hz

Green Specifications
- Chemical composition: Nickel metal hydride
- Heavy metals: Cd free, Hg free
- Packaging material: Carton, PET
- Packaging type: Clam shell blister

Dimensions
- Blister dimensions (WxDxH): 255 x 137 x 79 mm
- Blister weight: 0.044 kg
- Master carton quantity: 4
- Outer carton dimensions WxDxH: 267 x 238 x 167 mm
- Product dimensions (WxDxH): 125 x 80 x 28 mm
- Product weight: 0.427 kg

Product highlights

2300 mAh rechargeable AA
The 2300 mAh of energy keeps your audio player or digital camera going longer.

12V car plug
The charger has a special adapter that fits into the cigarette lighter socket of your car. This means that next to charging from the mains you can also do it when you are on the move.

Charge AA and AAA
The charger is designed to charge AA and AAA batteries.

Charge in pairs
The charger is designed to charge two or four batteries at the same time.

Ready for worldwide use
An AC/DC adapter that can handle input voltages of 100 to 240V. By simply adding a plug converter for the desired country the charger can be used worldwide.

Smart charge protection
The special sensor detects when the batteries are fully charged and switches over to trickle charge to keep your batteries full and ready for use. The overcharge protection prolongs the life of your batteries by preventing the damage caused by overcharging.

Trickle charge
Rechargeable batteries all suffer from self-discharge over time. The automatically-started trickle charge keeps your batteries full and ready for use when they are kept inside the charger and in the power outlet.
